Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

This IDS is filed in the application identified above pursuant to 37 C.F.R. § 1.56.

The cited reference disclosed herein was cited during prosecution of a co-pending Japanese application not more than three months prior to the filing of this supplemental Information Disclosure Statement. No representation is intended that a complete search has been made of

the prior art or that no better art references than the references cited in the IDS are available. The filing of this IDS shall not be construed to be an admission that the information cited in the IDS is, or is considered to be, material to patentability as defined in §1.56(b). Pursuant to 37 C.F.R. §1.98(a)(2)(ii), a paper copy of the cited non-patent reference is provided herewith for review by the Examiner.

The cited reference is believed not to disclose or suggest the invention recited in the claims of the above-identified application. It is therefore believed that the claimed invention is patentably distinguishable over the cited reference.

Applicants believe that no fees are required for filing this IDS. If any fees are required, the Commissioner is hereby authorized to charge the same to our Deposit Account No. 10-0435, with reference to our matter 6398-78477.

Respectfully submitted,
